

To Whom It May Concern:

I am against Sinclair Broadcasting being allowed to force its stations to air the anti-Kerry "documentary" Stolen Honor just days before the election. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This program is one-sided and therefore not in the public interest. This is just one example of why we need to strengthen media ownership rules. And if Sinclair should choose to go ahead with their plans to air this despicable piece of slander, its license should be revoked.

Sincerely,
Nathan Johnson
San Diego, Ca.
